

INTERNATIONAL STUDENT PLAN 2020–2021

Health insurance for students of colleges and universities in the Wisconsin Association of Independent Colleges and Universities (WAICU)

AFFORDABLE HEALTH INSURANCE SPECIALLY DESIGNED FOR YOU

As a college student, health insurance is probably the last thing on your mind. But not having health coverage when you need it is something that could cost you big money. That's why the Wisconsin Association of Independent Colleges and Universities (WAICU) has teamed up with WPS Health Insurance to offer students convenient, affordable, individual short-term health insurance coverage that gives you the protection you need. Check out the rest of this brochure to answer your questions about this great plan and find out how to sign up.

WHY IS HEALTH INSURANCE IMPORTANT?

Many college students risk going without health coverage because they believe it is an unnecessary investment. Some students reason that because they are young and in good health, they are relatively safe from illness. But having access to health care when you need it is important at any age. Unforeseen medical expenses, even those related to treating a simple cough or sore throat, can cost hundreds of dollars. Medical bills for a more serious illness or injury could actually lead you into bankruptcy if you don't have proper health coverage.

AM I ELIGIBLE?

All international students, taking at least six credit hours (or the program equivalent, as defined by the college), are required to purchase this plan unless proof of other comparable coverage is provided. Once enrolled, you must actively attend classes for at least 31 days after coverage begins or you will become ineligible and lose your coverage. (See policy for details.)

Your dependents are also eligible for this coverage. Dependents include spouses, domestic partners, and eligible children and grandchildren. Coverage for dependents can only be continued as long as you remain an eligible student.

WHAT DOCTORS CAN I SEE?

All services you receive at your Student Health Center are covered at 100% at no additional cost to you.

For services you receive outside the Student Health Center, you are free to see any doctor you choose. This plan uses a two-tier provider system, meaning that you will pay different deductible or coinsurance amounts depending on which tier your provider is in.

Tier 1 preferred providers are all of the providers in our WPS Statewide Network. Services obtained from a Tier 1 preferred provider are generally covered by this plan at 80%, after a \$100 deductible is satisfied. For example, if you see a Tier 1 preferred provider and are charged \$300, you will be required to pay the \$100 deductible, plus \$40 (20% of the remaining \$200). If you see that same Tier 1 preferred provider at a later date (or any Tier 1 preferred provider), and are charged another \$300, you will be required to pay \$60 (20% of \$300). You are only required to pay the deductible one time during each 12-month plan year.

Visit wpshealth.com/waicu for a complete listing of our Tier 1 preferred providers.

All other providers are considered Tier 2 non-preferred providers. Services obtained from a Tier 2 non-preferred provider are generally covered by this plan at 60% after a \$200 deductible is satisfied. You are only required to pay the deductible one time during each 12-month plan year.

DOES THE PLAN INCLUDE ONLINE HEALTH TOOLS?
